Overview

Sixty-six home health agencies responded to the 1999 survey; 24 free-standing, 27 hospital-based, and 15 health department home health agencies. Winston Home Health is not included in the report. That agency changed ownership and was renamed Able Home Health during the reporting period.

Three agencies changed names; Methodist Home Care Services changed to Central Miss Home Care, Alexander's Home Health of Calhoun City and Columbus changed to Gilbert Home Health Agency, and Olsten Health Services was renamed Gentiva Health Services.

East Central Home Health Agency Region B, a health department home health agency, closed.

Map I shows the location of home health agencies by type in 1999.

Table I shows that 53% of home health agencies reported non-profit status. Approximately 58% of the agencies were controlled by corporations, 22.7% were controlled by state government, 18.2% were controlled by local government and the remaining 1.5% were controlled by sole proprietorship.

Referrals by type of home health agency are shown in Table II. Of the 63,977 total referrals, 58,611 or 91.6% were accepted. Reasons for denied service are shown in Table II. Besides the category 'other', not meeting home health service eligibility was the main reason patients were denied service. Most referrals, 95.7% were from physicians and hospitals.

For this report, data from hospital-based home health agencies are shown in tables ending in an A, health department home health agencies are shown in tables ending in a B, free-standing home health agencies are shown in tables ending in a C, and tables ending in a D represent state totals.

*1,724 unaccounted for patients served.

If one person is admitted and served on two different occasions, that would count as two patients served. If the patient receives two or more services, he would be counted in each service rendered but would only be counted once in 'total' regardless of the number of services received. 'Total' is not a cumulative total of the service categories.
