Overview

Fifty-six home health agencies responded to the 2011 survey; 40 free-standing, 9 hospital-based, and 7 health department home health agencies.

Table I shows that 64% of home health agencies reported for-profit status. Approximately 55% of the agencies were controlled by corporations, 14.3% were controlled by local government, 12.5% were controlled by state government, the remaining 17.9% were controlled by local government and other.

Referrals by type of home health agency are shown in Table II. Of the 89,928 total referrals, 75,646 or 84% were accepted. Reasons for denied service are shown in Table II. Besides the category 'other', not meeting home health service eligibility was the main reason patients were denied service. Most referrals, 84%, were from physicians and hospitals.

For this report, data from hospital-based home health agencies are shown in tables ending in an A, health department home health agencies are shown in tables ending in a B, free-standing home health agencies are shown in tables ending in a C, and tables ending in a D represent state totals.

- d. other services as approved by the licensing agency
- e. medical supplies, other than drugs and biologicals, and the use of medical appliances

Skilled Nursing Services shall mean patient care services pertaining to the curative, restorative, and preventive aspects of nursing performed by or under the supervision of a registered nurse pursuant to the plan of treatment established in consultation with appropriate members of the care team. Skilled nursing service is nursing care emphasizing a high level of nursing direction, observation and skill.

INSTRUCTIONS

MISSISSIPPI HOME HEALTH AGENCIES 2011 ANNUAL REPORT

General: Please supply current data on name, address and organizational information requested.

SECTION A: Referrals

A referral is any person for which home health services were sought and for which a determination was made to admit or not to admit for services.

Referrals may be received from any source. This does not mean only those certified for services by a physician.

Total number of people served during calendar year 2011, is a request for a non-duplicate count of the number of people, not admissions, served. If a person was admitted for services on more than one occasion during the calendar year that should still be counted as one person in answering this question.

SECTION B: Census

List in alphabetical order, all counties in which the Agency provided home health services. Then enter in the appropriate columns the patient census as of midnight 12/31/10, all admissions during calendar year 2011 all discharges during calendar year 2011, and the patient census as of midnight 12/31/11. Total each column on the bottom line.
