RECIPIENTS: All Physicians, Hospitals, ERs, ICPs, NPs, and
Healthcare Providers – Statewide
Monday, March 29, 2021
SUBJECT: Update-Centers of Excellence 03/29/2021

Dear Colleagues,

The Mississippi State Department of Health (MSDH) is pleased to announce the addition of the following health system as COVID-19 Centers of Excellence.

- Sharkey Issaquena Community Hospital

In addition, MSDH is now inviting outpatient clinics to join the COVID Center of Excellence effort

To achieve COVID Center of Excellence status, a **health system or clinic** must commit to the following community efforts:

1. Administration of COVID-19 vaccination to eligible members of their communities.
2. Serving as a referral location for local physicians/providers for the treatment of COVID-19 infected individuals with anti-COVID monoclonal antibody infusions (see referral information below).
3. Addressing disparities in vaccine access in their communities.

We look forward to adding additional Centers of Excellence throughout the state. For a complete listing along with contact information for community vaccination and physician referral for mono-clonal antibody treatment see below:
