Documentation of Skills:

While under my supervision during the SPEP, the temporary licensee exhibited a satisfactory level of competency for the skills listed below. A satisfactory level of competency means that, in most situations, the temporary licensee independently, accurately, and consistently performed the skills. The temporary licensee appropriately sought my supervision when needed outside of the normal supervisory activities.

- 1. Implements screening procedures.
- 2. Collects case history information and integrates information from clients, family, caregivers, significant others, and other professionals.
- 3. Selects and implements evaluation procedures nonstandardized tests, behavioral observations, and standardized tests.
- 4. Adapts interviewing and testing procedures to meet individual client needs.
- 5. Interprets and integrates test results and behavioral observations, synthesizes information gained from all sources, develops diagnostic impressions, and makes recommendations.
- 6. Develops and implements specific, reasonable, and necessary treatment plans.
- 7. Selects/develops and implements intervention strategies for the treatment of communication and related disorders.
- 8. Selects/develops and uses intervention materials and instrumentation for the treatment of communication and related disorders.
- 9. Plans and implements a program of periodic monitoring of the client's communicative functioning through the use of appropriate data collections systems. Interprets and uses data to modify treatment plans, strategies, materials, and/or instrumentation to meet the needs of the client.
- 10. Adapts intervention procedures, strategies, materials, and instrumentation to meet individual client needs.
- 11. Schedules and prioritizes direct and indirect service activities, maintains client records, and documents professional contacts and clinical reports in a timely manner.
- 12. Complies with program administrative and other regulatory policies such as required due process documentation, reports, service statistics, and budget requests.
- 13. Demonstrates communication skills (including listening, speaking, nonverbal communication, and writing) that take into consideration the communication needs as well as the cultural values of the client, the family, caregivers, significant others, and other professionals.
- 14. Identifies and refers clients for related services including audiological, educational, medical, psychological, social, and vocational, as appropriate.
- 15. Collaborates with other professionals in matters relevant to case management.
- 16. Provides counseling and supportive guidance regarding the client's communication disorder to the client, family, caregivers, and significant others.

Any unsatisfactory practice was reported to the Mississippi State Department of Health as required and has been sufficiently corrected. I have discussed this report with the temporary licensee. I verify that my license in Mississippi was current throughout the SPEP.

Was the SPEP used to satisfy the requirements of a Clinical Fellowship Year (CFY) for certification by ASHA?

Yes	No
