The following criteria applies to retail grocers and commissaries. These criteria are designed to ensure that vendor participation in the MSDH WIC Program will adequately fulfill the needs of the WIC Program's participants.
VENDOR SELECTION CRITERIA

1) EBT capable as defined in CFR 246.12(aa)(4)(ii)

2) WIC Vendors must charge competitive prices.
   At the time of authorization, competitive prices are evaluated based on shelf price surveys. During re-authorization, competitive prices will be evaluated using redemption data.
3) WIC vendors must meet business integrity criteria. The State Agency will rely solely on facts known to it and representations made by the vendor applicant on its vendor application and during background checks. Vendors will NOT be authorized if during the last six (6) years they (or any of the vendor applicant’s owners, officers, or managers) have been convicted of or had a civil judgment entered against them for any activity indicating a lack of business integrity.

Additional activities indicating a lack of business integrity include fraud, antitrust violations, embezzlement, theft, forgery, burglary, bribery, falsification or destruction of records, making false statements, receiving stolen property, making false claims, and obstruction of justice.
4) WIC Vendors are expected to redeem an average of $1,000 in eWIC benefit redemptions over a period of 6 months shall.

An average of less than $1,000 in monthly redemption activity shall be treated as a lack of demand for a store.

Volume of sales will be confirmed after one year of participation and bi-annually thereafter. If WIC sales do not average $1,000 in monthly WIC redemptions after application approval over a 6-month period, the vendor will be terminated.
5. WIC Vendors must comply with all federal, state, and local licensing and permitting requirements including Mississippi Department of Agriculture and Mississippi State Department of Health.

6. WIC Vendors must be Supplemental Nutrition Assistance Program (SNAP) authorized vendors in good standing with FNS. This square footage does not include storage areas, meat cutting areas, beer and soda coolers, walk-in coolers, office space, and areas where other non-food products are displayed such as hair care products, detergents, soaps, cleaning supplies, pet products, and etc.
11) WIC Vendors must have a minimum of three (3) operational cash registers.

An incentive item is defined as an item or service provided by a vendor to attract customers or encourage customer loyalty. Section 246.12(h)(3)(iii) of the Federal WIC regulations requires vendors offer program participants the same courtesies offered to any other customer as it relates to both food prices and services. If coupons, discounts, or other promotional specials are provided to non-WIC customers these must be given to WIC participants and vice versa.

VENDOR AUTHORIZATION PROCESS
PHASE 1

Vendor applicants must complete and submit all required application documents to the WIC Program. All information MUST be complete for the application to be processed.
The WIC Vendor application will be reviewed for completeness.

Vendor applicants will be notified by email of missing, incomplete, or unsigned documents within two weeks of receipt of the application.

Any incomplete and/or unsigned documents will not be processed. Vendors will be allowed up to two (2) opportunities to submit a completed application and required documentation.

Incomplete applications must be completed and re-submitted to the Program within thirty (30) calendar days from the postmarked date of the returned application. Applicants who fail to return a completed application and/or required documentation will not be considered for authorization.
The State Agency will notify the vendor applicant of receipt of the application via email, review the application for completeness, evaluate the application for cost competitiveness, and conduct an on-site inspection to verify the accuracy of the information provided in the application.

The State Agency has sixty (60) days from notification to the vendor of the completed application to conduct the on-site inspection and determine if the vendor meets selection criteria.

The on-site inspection helps verify the vendor meets requirements. No agreement will be awarded prior to the onsite inspection and no agreement will be issued unless the store meets all requirements necessary to become a WIC Vendor.
PHASE 4

Store owners, store managers, and/or store training staff will be required to attend a new vendor training session.

New vendor training will be offered regionally. Vendors who fail to attend training will not be authorized.
A WIC Vendor Agreement will be sent via email for vendor’s signature after which it should be returned to the State Agency for further processing.

The State Agency may take up to sixty (60) days to process the agreement.
The agreement will be considered effective when all signatures have been obtained, training has been received, and the store is notified of the date it can begin to accept eWIC.

The applicant is not allowed to transact WIC benefits before the date specified. Any applicant found to be accepting WIC prior to having a fully executed agreement will not be authorized.
