## D I S C L A I M E R

This report is prepared for the purpose of providing the Mississippi Department of Health, Bureau of Acute Care Systems, with our calculation of allocations made in accordance with the Trauma Care Trust Fund Distribution Policy for the six-month period ended June 30, 2017. Distribution and use of this report, including the calculations presented herein, should be limited to and consistent with HORNE's contract with the Mississippi State Department of Health, Bureau of Acute Care Systems, for the contract term commencing July 1, 2017.

March 9, 2018

Mr. David B. Hall, MA, NRP  
Director, Bureau of Acute Care Systems  
Mississippi State Department of Health  
310 Airport Road South, Suite B  
Pearl, MS 39208

Re: Trauma Care Trust Fund Distribution

Dear Mr. Hall:

Pursuant to your request and in accordance with our contract with the Mississippi State Department of Health, Bureau of Acute Care Systems ("ACS"), for the term commencing July 1, 2017, we have performed documentation of the following services (collectively, "Fund Allocations") in accordance with the Mississippi Trauma Care Trust Fund Distribution Policy:

- Determine allocation for each of the seven Mississippi Trauma Care Regions ("Regions")
- Determine allocation for each designated trauma center by Region
- Submit complete information to ACS to allow ACS to make proper disbursements

The accompanying report is prepared for the purpose of providing the Mississippi Department of Health, Bureau of Acute Care Systems, with our calculation of the Fund Allocations for the six-month period ended June 30, 2017 for purposes of documentation of compliance with the Mississippi Trauma Care Trust Fund Distribution Policy. While this report presents our calculation of the Fund Allocations, it is not intended to represent an attestation to or a legal opinion on the matters addressed herein.

Mr. David B. Hall, MA, NRP  
Director, Bureau of Acute Care Systems  
Mississippi Department of Health  
March 9, 2018  
Page 2

We appreciate this opportunity to be of assistance to you in providing this calculation. Should you have any questions or comments regarding the information presented above, please do not hesitate to contact us.

Sincerely,

HORNE LLP

### DISTRIBUTION SUMMARY

The following summary represents an overview of the Net Total Funds Available for Distribution for the six-month period ended June 30, 2017 as provided by the Mississippi Department of Health in accordance with the Trauma Care Trust Fund Distribution Policy (“Distribution Policy”).<sup>1</sup>

Summary of Total Available for Distribution	January 1 - June 30
Level IV Administrative Support	\$ 620,000
EMS Component Distribution Total	1,173,703
Level I – Level III Fixed Distribution Total	2,347,407
Level I – Level III Variable Distribution Total	3,912,345
Burn Fund	391,234
<b>Total Distribution</b>	<b>\$ 8,444,689</b>

Region	EMS Distribution	Level I - III Distribution	Level IV Distribution	Total
Central	\$ 294,139	\$ 1,950,651	\$ 160,000	\$ 2,404,790
Coastal	149,666	1,165,087	20,000	1,334,753
Delta	226,238	1,086,597	120,000	1,432,835
East Central	68,079	381,231	50,000	499,310
North	212,496	1,193,936	110,000	1,516,432
Southeast	158,932	669,279	110,000	938,211
Southwest	64,153	204,205	50,000	318,358
<b>Totals</b>	<b>\$ 1,173,703</b>	<b>\$6,650,986</b>	<b>\$620,000</b>	<b>\$8,444,689</b>

Based on the Total Funds Available for Distribution, we have performed documentation of the following services (collectively, “Fund Allocations”) in accordance with the Distribution Policy:

- Determine allocation for each of the seven Mississippi Trauma Care Regions
- Determine allocation for each designated trauma center by Trauma Care Region
- Submit complete information to ACS to allow ACS to make proper disbursements

For a summary of the Allocations made in accordance with the Distribution Policy, please refer to the Schedule 1 in Appendix C.

<sup>1</sup> Mississippi Trauma Care System Regulations, Chapter 1, Sub-chapter 3. Total Distribution includes mandated budget cut of 2.3037%.

## HISTORY AND BACKGROUND

### Establishment of the Trauma Care Trust Fund

In 1994, Mississippi Attorney General Mike Moore initiated a lawsuit against 13 tobacco companies, arguing that they should reimburse the state for the costs of treating smoking related illnesses. The settlement was worth \$246 billion, with Mississippi receiving \$4.1 billion.

The Mississippi legislature put those funds into a “lockbox,” and planned to utilize only the interest earned on the money, leaving the corpus untouched. These designated interest funds were to be expended only on health-related initiatives in the state. One of those initiatives was the Trauma Care Trust Fund (“TCTF”). Administered by the Mississippi State Department of Health (“MSDH”), Division of Emergency Medical Services (“EMS”), the Fund received \$6 million annually from the tobacco expendable fund and additional monies from assessments on fines paid by moving traffic violators.

The purpose of the Mississippi Trauma Care System is to “reduce the death and disability resulting from traumatic injury” with a goal to “deliver the *right* patient to the *right* hospital the *first* time.” Every Mississippi hospital with an emergency room must maintain a trauma registry, which captures detailed information about patients whose injury meets the clinical criteria as defined by the state. This information, uploaded to the Department of Health monthly, is used to help assure that patients have access to and are transported to the closest, most appropriate trauma facility, and also is used as part of the performance improvement process.

A 2007 report by the Center for Mississippi Health Policy called for changes to the state’s trauma system, and recommended a minimum funding level of \$40 million to maintain the trauma care system at adequate levels. In the 2008 legislative session, HB 1405 created a mandatory trauma system, requiring all hospitals to participate in the trauma network as a condition of licensure. (This mandatory system is the only one of its kind in the nation.) A hospital that chooses not to participate in the trauma network, or chooses to participate at a level lower than it is capable of participating, is assessed a fine ranging from \$758,000 to nearly \$1.5 million. These fees came to be known as “play or pay” fees.

As the tobacco expendable fund dwindled, new funding sources for TCTF were required. Currently, the Mississippi TCTF is funded through legislatively mandated portions of traffic fines, license plate fees and point-of-sale fees on motorcycles, ATVs, and personal watercraft. In addition, the aforementioned hospital non-participation fees aka “play or pay” fees also provide funding to the TCTF. Pursuant to the change in funding sources within the TCTF, the distribution system was changed in 2009. The TCTF is now managed by the Department of Health’s Bureau of Acute Care Systems, which continues to use the Fund to cover administrative expenses of the system while distributing the remaining balance to trauma centers and ambulance districts. Qualified burn centers also receive funding from the TCTF. Level I – III hospitals and burn centers are required to expend 30 percent of their allocated funds on their physician component.

### Recent Reductions in Trauma Care Funding

During the 2016 and 2017 regular sessions, the Mississippi Legislature passed two bills that had implications for trauma funding. In 2016 the Legislature passed Senate Bill 2362, also known as the Budget Transparency and Simplification Act, which redirected part of the funding to be collected for the TCTF in fiscal year 2017 to the State General Fund. Specifically fines associated with moving violations were redirected to the State General Fund.

During the 2017 Regular Session, the Legislature passed House Bill 1511, which reduced the Trauma System's spending authority. The Legislature restored fees collected from moving violations to the TCTF, but House Bill 1511 reduced MSDH's authorized annual spending on the Trauma System to \$20 million. Based on previous years' collections, this equated to a cut of more than \$2,000,000 for the Trauma system for FY 2018.<sup>2</sup>

---

<sup>2</sup> Mississippi State Department of Health, "FY 2018 Mississippi TRAUMA System of Care Plan," July 12, 2017.

### TOTAL AVAILABLE FOR DISTRIBUTION

Biannually the Trauma System Administrator obtains the Trauma Care Systems Fund balance from the State Treasurer to be distributed to eligible trauma centers located in the following designated trauma regions (“Regions”):

- Central
- Coastal
- Delta
- East Central
- North
- Southeast
- Southwest

In accordance with the Distribution Policy,<sup>3</sup> an allocation of the fund balance is available for distribution to eligible trauma centers<sup>4</sup> within each Region based on patient trauma registry data for the six-month periods ended June 30<sup>th</sup> and December 31<sup>st</sup>. Each allocation is distributed based on half of the fund balance less pre-determined administrative adjustments. In particular, the fund balance is reduced by the MSDH and each Region’s administrative expenses associated with the trauma care system. In calculating the distribution for the six-month period ended June 30<sup>th</sup>, the remaining fund balance is adjusted for an annual stipend paid to eligible Level IV trauma centers consisting of \$10,000 per facility. For a list of qualifying Level IV trauma centers as provided by ACS, please refer to Appendix B.

The remaining fund balance net of MSHH and the Regions’ administrative expenses (“Total Available for Distribution”) is provided by ACS to HORNE for calculation of the Fund Allocation for each designated trauma center by Region as described below.

---

<sup>3</sup> Rule 1.3.5, Miss. Code Ann. §41-59-5.

<sup>4</sup> Eligible Level IV trauma centers constitute facilities that maintain licensing and participation requirements as determined by the Department and applicable Region.

### FUND ALLOCATION METHODOLOGY

In accordance with the Distribution Policy, the remaining Fund balance is available for distribution to EMS providers, Level I through Level III trauma centers, and the state's burn center as follows:

#### EMS Component Distribution

Fifteen percent of the Net Total Available for Distribution is allocated to each Region for EMS providers based on the Region's respective county populations as presented on Schedule 2 and described below.<sup>5</sup>

Small County Distribution - EMS Component funds are allocated for counties with respective populations fewer than 15,000 ("Small Counties") on a *per capita* basis. The Small County distribution is determined based on a sum of the following:

- A dedicated portion equal to 3.490 percent of the total EMS Component fund was utilized to result in a small county distribution less than or equal to the disbursement received by the Large County with the population closest to or equal to 15,000 in accordance with Rule 1.3.6. of the Distribution Policy.
- The total Small County population as a percentage of the total state population multiplied by the total EMS Component fund.

Large County Distribution - The EMS Component funds, less the Small County Distribution, are allocated for counties with respective populations greater than 14,999 ("Large Counties") based on the population size of each individual Large County relative to the aggregate population of Large Counties.

For details of our calculation of the allocation for EMS Component funds, please refer to Schedule 2.

#### Level I through Level III Distribution

##### Variable Distribution

Fifty percent of the Net Total Available for Distribution is allocated among the Regions based on patient data collected in the trauma registry's Injury Severity Score (ISS) index for each trauma center. Funds are distributed based on each facility's specific ISSs which are weighted relative to the total ISS scores for all Level I - III trauma centers as presented below:<sup>6</sup>

ISS Severity Score	Severity Score Weight
1 - 9	1.02
10 - 15	2.02
16 - 24	3.80
> 24	6.57

<sup>5</sup> Rule 1.3.6, Miss. Code Ann. §41-59-75.

<sup>6</sup> Rule 1.3.8, Miss. Code Ann. §41-59-75.

For a list of eligible Level I – III trauma centers, please refer to Appendix B. For details of our calculation of the variable distribution allocation, please refer to Schedules 3 through 4.

#### Hospital Fixed Distribution

Thirty percent of the Net Total Available for Distribution is allocated *pro rata* to Level I, Level II, and Level III trauma centers based on their respective designations during the distribution period in conjunction with the following relative weights:<sup>7</sup>

Trauma Designation	Relative Weight
Level I	1.000
Level II	0.875
Level III	0.625

For a list of eligible Level I – III trauma centers, please refer to Appendix B. For details of our calculation of the fixed distribution allocation, please refer to Schedule 5.

#### Physician Component Distribution

In accordance with the Distribution Policy, a minimum of 30 percent of each total hospital payment is required to fund the physician component for each Level I –III trauma center. A summary of fixed and variable distribution components for each eligible facility, including the respective Region and physician component is presented on Schedule 3.

#### Burn Center Fund

Five percent of the fund balance is reserved for burn centers operating in the state. However, if no such burn centers exist, this amount is included in the fixed trauma center distribution. For a summary of the allocation for Burn Center funds, please refer to Schedule 1.

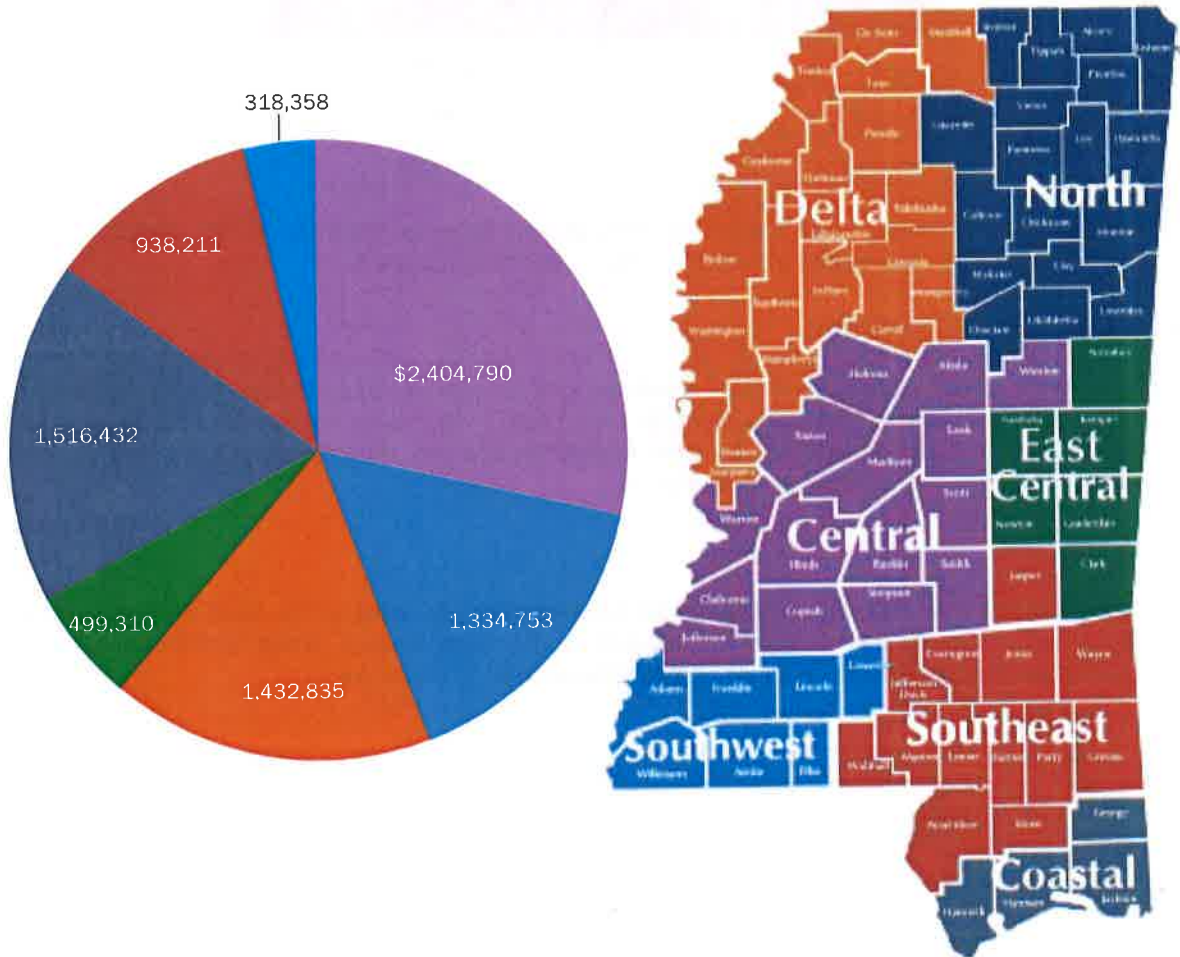

---

<sup>7</sup> Rule 1.3.7, Miss. Code Ann. §41-59-75.

Regional Distribution Summary

A summary of the EMS Component fund allocation and Level I – III hospital fund allocations for each Region is presented on Schedule 6.

Summaries of the Level I – III hospital fund allocations and physician payment component for each Region are presented in Schedules 7 through 13, and a summary of each Region's EMS distribution allocation, by county, is presented in Schedules 14 through 20.

**Notes**

- (1) Based on the United States Census Bureau 2010 census data for Mississippi as provided by Rule 1.3.5., Miss. Code Ann. §41-59-5.
- (2) Based on 15 percent of the net total available for distribution as presented on Schedule 1.
- (3) Based on the combined population for counties with fewer than 15,000 inhabitants as a percentage of the total population for the state of Mississippi.
- (4) Based on a dedicated portion to result in less than or equal to the Disbursement received by the Large County with the population closest to or equal to 15,000 as provided by Rule 1.3.5., Miss. Code Ann. §41-59-5.
- (5) Calculated as the difference between total EMS component fund balance (a) less the small county population percentage (b) multiplied by the subject county's population percentage (c) less the subject county's population percentage (c) multiplied by the small county dedicated portion (d), and the subject county's population (e) as a percentage of total population (f) multiplied by the difference in total distribution (g) for all small counties less total distribution (g) for all small counties excluding the small county dedicated portion (d) as provided by Rule 1.3.5., Miss. Code Ann. §41-59-75:

$$=(((a-b)*c)-(c*d))-((e/f)*(g-(g-d)))$$

- (6) Percentages in this report may contain rounding differences.
